NEIGHBORHOOD INPUT

Notice of a Public Hearing was mailed to all property owners within 300 feet of the subject property on **June 24**, 2013. The Planning Division received one letter **and one phone call** in opposition to the rezoning request.

APPLICATION DESCRIPTION

The property owner is requesting a rezoning from R-3 (Residential) to C-1 (Commercial). The proposed use is for retail and office purposes. Access to the subject property is proposed from both Album and McRae.

PLANNING DIVISION RECOMMENDATION

The Planning Division recommends **approval** of the rezoning from R-3 (Residential) to C-1 (Commercial) with the following condition:

1. A detailed site plan be approved per City Code before the issuance of building permits.

Plan El Paso-Future Land Use Map Designation

All applications for special permit shall demonstrate compliance with the following criteria:

G-2 – Traditional Neighborhood: This sector includes the remainder of central El Paso as it existed through World War II. Blocks are small and usually have rear alleys; buildings directly face streets; schools, parks, and small shops are integrated with residential areas. This sector is well suited for use of the SmartCode as a

replacement for current zoning when planned in conjunction with specific neighborhood plans or identified in this Comprehensive Plan.

The purpose of the C-1 (Neighborhood Commercial) district is to provide compatible neighborhood convenience goods and services that serve day-to-day needs. Permit locations for business and professional offices and retail category uses within adjacent residential areas of medium and high densities.

COMMENTS:

Planning Division - Transportation

No Objection.

Grading plan and permit shall be required.*

No objections. Landscape shall be required when applicant applies for building permit.

City Development Department - Land Development

No objection to the proposed rezoning. 1. Location and arrangement of driveways shall be reviewed and approved by the El Paso Department of Transportation and Texas Department of Transportation due to the proximity to the signalized intersection of McRae and Album. Note: 1. Access and improvements to McRae shall be coordinated and approved by TxDOT. 2. All existing / proposed paths of travel (accessible sidewalks, wheelchair access curb ramps and driveways) within public rights-of-way shall be in compliance with current ADA/TAS rules and regulations and the current City of El Paso Design Standards for Construction.

Fire Department

No objections

El Paso Water Utilities

EPWU does not object to this request.

EPWU-PSB Comments

Water:

Along Album Street between Mc Rae Boulevard and Fir Street there is an existing twelve (12) inch diameter water main.

Along Mc Rae Boulevard between Album Street and Lockerbie Street there are no existing water mains.

Previous water pressure readings conducted on fire hydrant number 117 located at the corner of Album Street and Fir Street have yielded a static pressure of 60 pounds per square inch (psi), residual pressure of 56 psi, discharge of 856 gallons per minute (gpm).

Sanitary Sewer:

Along Album Street between Mc Rae Boulevard and Fir Street there is an existing twelve (12) inch diameter sanitary sewer main.

Along Mc Rae Boulevard between Album Street and Lockerbie Street there are no existing sanitary sewer mains.

General

Mc Rae Boulevard is a Texas Department of Transportation (TxDOT) right-of-way. All proposed water and sanitary sewer work to be performed within Mc Rae Boulevard right-of-way requires written permission from TxDOT.

If the City of El Paso Fire Department requires additional fire hydrants on Public right-of-way and/or an on-site fire protection system within the private property, the property owner is responsible for all costs incurred to extend, relocate and construct water mains and appurtenances to provide this service. The owner is responsible for the costs of any necessary on-site & off-site extensions, relocations or adjustments of water and sanitary sewer lines and appurtenances.

Application for water and sanitary sewer services should be made 6 to 8 weeks prior to construction to ensure water for construction work. New service applications are available at 1154 Hawkins, 3rd Floor. A site plan, utility plan, grading and drainage plans, landscaping plan, the legal description of the property and a certificate-of-compliance are required at the time of application. Service will be provided in accordance with the current EPWU – PSB Rules and Regulations. The applicant is responsible for the costs of any necessary on-site and off-site extensions, relocations or adjustments of water and sanitary sewer lines and appurtenances.

CITY PLAN COMMISSION OPTIONS

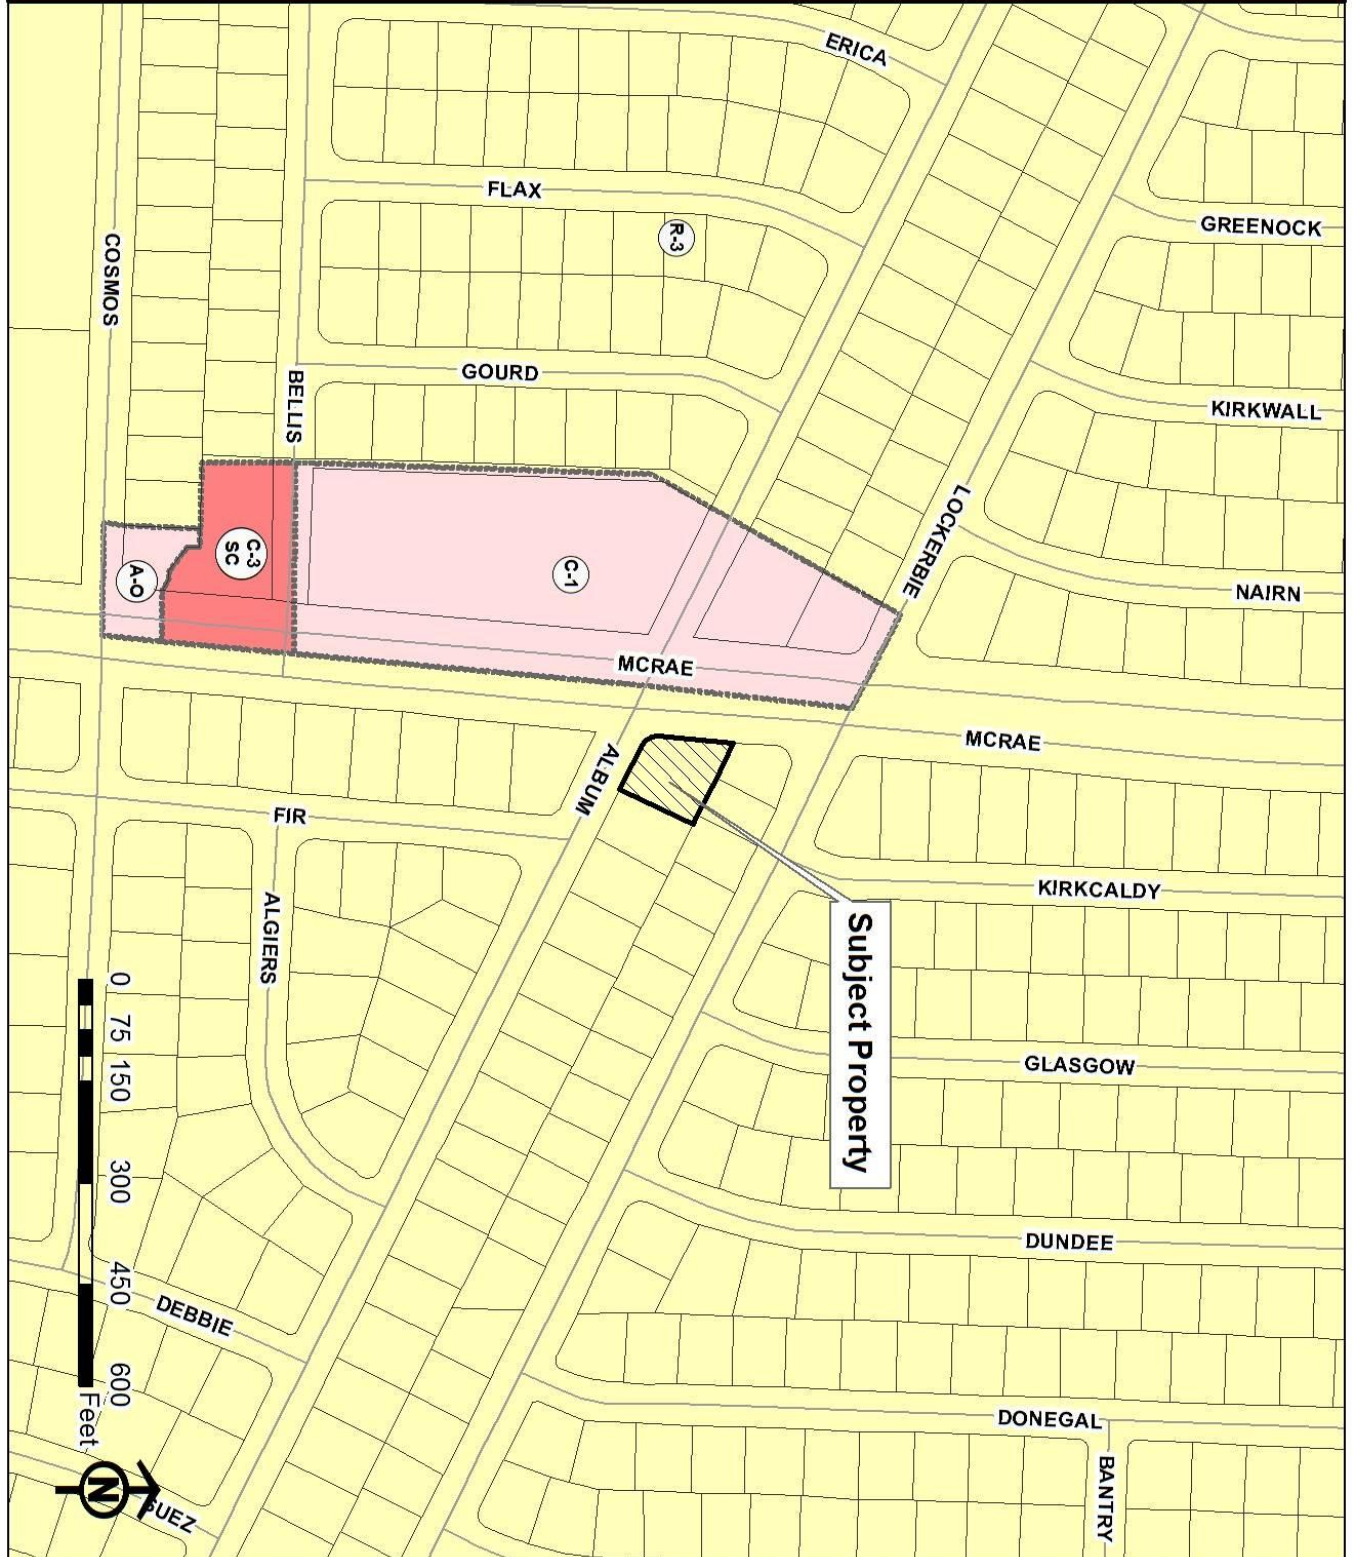

The City Plan Commission may consider the following options and additional options that it identifies when reviewing the rezoning application:

1. Recommend approval of the application finding that the rezoning is in conformance with the review criteria of Plan El Paso as reflected in CPC report or other criteria that the CPC identifies from the Plan
2. Recommend approval of the application with modifications to bring the rezoning into conformance with the review criteria in Plan El Paso as reflected in CPC report or other criteria from the Plan as identified by the CPC.
3. Deny the application finding that the rezoning does not conform to the review criteria in Plan El Paso as reflected in CPC report or other criteria identified from the Plan by the CPC.

RE: Case # PZRZ13-00017

Dear Mr. McElroy,

Please accept this letter as my request to deny the application for Case #PZRZ13-00017, Rezone from R-3 Residential to C-1 Commercial for the purposes of a retail establishment on Tract 1-D-1, Block 2, Ascarate Grant, City of El Paso.

Currently, the West side of McRae Blvd. has been zoned as Commercial. There exists ample parking, easy access for patrons, and vacant commercial locations where a new business may be located. The parcel of land you are considering for rezone is only 0.31 acres in size which is approximately one and one half of the current residential parcels located in this area. This area will not provide suitable, safe entrance to access any type of retail establishment. This will create an issue with traffic as well as, noise for our quiet subdivision. A commercial rezone on such a small lot will prove to be a menace to the resident's in the area.

I have been a resident since 1972 and, again would request your denial of this case due to the noise that will be created, the safety hazard it will cause, and the fact that the lot size simply will not accommodate any advantageous retail establishment.

Thank you in advance for your consideration in this matter. Feel free to contact me for further discussion if deemed necessary.

Sincerely,

Mrs. Ann Garbowski
